

# GCSE DOUBLE AWARD OCCUPATIONAL STUDIES DIGITAL TECHNOLOGY

EXAMINING BOARD: CCEA

## *Course Content:*

This qualification has been designed to provide a more ‘hands-on’ approach to learning and will appeal to learners who are better suited to develop their skills in a more practical, occupationally orientated environment.

## *You will study ...*

- *Unit 1 Digital Music Composition:* You will learn how to create your own musical composition using digital music software, mixes and sampling, and create your own CD.
- *Unit 2 Digital Imaging:* You will learn how to scan images and use digital image manipulation software to create your own images.
- *Unit 3 Digital Video Editing:* You will learn how to capture live video footage and edit the footage to create your own video.
- *Unit 4 Internet Authoring:* You will learn how to create a web design and build a website with video and sound, and publish your site to the web.

## *You will be assessed in the following way ...*

The assessment process is designed to enable learners to obtain recognition and reward for what they achieve and produce. Each of the four units is entirely coursework based and all units are internally assessed and externally moderated, weighted equally as 25% of the overall grade.

**THIS DOUBLE AWARD SUBJECT IS WORTH TWO GCSE GRADES**

## *Future Prospects:*

If you see your future in the fast-paced, innovative area of digital media then this could be the course to get you started.

Are you talented, creative and interested in video, sound, images, design and the web? Do you see yourself working in one of the creative industries such as film, television, advertising, web solutions, digital video, digital music or graphic design? A Double Award in Digital Technology gives you the opportunity to gain a qualification in this growing area.
