

Year 10 Art and Design

Complete this project in your Art book – at least 4-6 pages – present your work neatly, take care with spelling, use colour carefully. You may write or print off your answers.

Google the artist Francis Bacon and find out....

1. His date of birth
2. His date of death
3. Where he was born
4. In which country he spent most of his life
5. What age he was when he died?
6. Describe the artist's work (in your own words)

List 10 interesting and/or important facts or information that you have found out about your artist. Make sure you DON'T repeat any information from above.

Make an A4 drawing of one your artist's paintings. Apply colour with coloured pencils or paint if you have them. What is the title? When was it painted? Try to print off a copy of that painting.

Write a paragraph to explain why you chose this particular painting. Why did you like it compared to any others? Did you find it easy to draw, was it difficult to apply colour?

Think carefully about the layout of your pages...plan them before you write, draw or glue anything to the pages.
