

The Somme Nursing Home is a charity providing treatment and quality care for service and ex-service persons since 1914. The Nursing Home is light and spacious with 40 ground floor single en suite facilities. It provides long term and convalescent nursing care for sick, wounded and disabled. There is an ongoing programme of activities which is tailored to suit individual needs. The Home exists to create an environment where compassion and understanding of the unique needs of the ex-service resident is paramount to the delivery of care.
