

Hill Croft School

We provide exciting learning opportunities for children and young people who face severe challenges to learning aged 3-19.

Our school aims are:

- To provide a curriculum which is broad, balanced and relevant to the needs of each child;
- To provide a rich and stimulating environment which will encourage children to explore and investigate – to make learning fun;
- To devise Individual Education Plans (IEP) for each pupil which will meet his/her needs and maximise each child's potential;
- To provide opportunities for pupils to experience success in a variety of contexts;
- To recognise and praise progress, success and hard work and the effort of all students;
- To prepare pupils for the opportunities, responsibilities and experiences of adult life;
- To help all pupils to communicate more effectively using a variety of methods – signing/symbols in a variety of situations;
- To nurture positive links between home and school and encourage parent involvement in all aspects of school life;
- To develop personal qualities such as; self-confidence, independence, resourcefulness and self-discipline and to develop the whole child – socially, intellectually, physically, emotionally and spiritually.
